

Group Set Menu

Due to the style of cooking, we are unable to quickly serve a lot of different dishes to one table. Therefore, for large groups, we have to do a set menu. This is to ensure a speedy level of service to yourselves, as well as other customers in the restaurant.

Below is a set menu that is ideal for large mixed groups. All dishes are served to the group. Each person gets one of each of the starters, then helps themselves to as much of each main course as they desire. There is plenty of food for everyone. **If you would like to make any changes to the menu, this would be possible**, though changes may affect the price.

It is possible to take individual orders from guests to allow for special dietary requirements, for example, vegetarian or gluten free diets.
